Question: Who did Elizabeth I marry?
Context: From the start of Elizabeth's reign it was expected that she would marry, and the question arose to whom. Although she received many offers, she never married and remained childless; the reasons for this are not clear.
Answer: [Unanswerable given the paragraph below]
BAD! The context tells Elizabeth I never married. Even though the question asks for a name, the context tells that no such name could be provided, and thus an answer such as "she never married" is considered correct.
